Mr. Randy Sutton
Property Capital Investments
2274 E. Sunshine
Springfield, MO 65804

Dear Mr. Sutton:

This is concerning the wastewater treatment facilities serving the Travel Town Trailer Park and the NPDES permit authorizing the operation of the facilities.

A review of our files discloses that we have received only one of the last six monitoring reports and information for only one of the last 18 months of monitoring. You should note that NPDES permit number MO-0085171 requires that monitoring be done monthly and the results submitted to this office quarterly. Failure to do so places you in noncompliance with your permit.

Please submit to this office any applicable monitoring information. Your cooperation in future monitoring will be greatly appreciated.

Yours truly,

Charles L. Kroeger
Environmental Specialist II
